

Prism Insurance

Improve your compliance rating while saving time and money with Prism Insurance

Prism Insurance offers simplified insurance tracking through a cloud-based solution that is developed and supported by a team of expert insurance professionals. This best-in-class insurance tracking solution can be incorporated into your day-to-day property operations software via close integration with Prism.

Benefits of Prism Inspections:

- ✔ **Trust in a team of COI experts.** Leverage a team of insurance professionals to review compliance and create compliance profiles that can be as granular and varied as needed.
- ✔ **Gain a full view of compliance.** Easily view overall Company Compliance Status, including:
 - ✔ Compliant w/ Expiration Date,
 - ✔ Non-Compliant w/ Expiration Date
 - ✔ Expired w/ Date Expired Missing COIs
 - ✔ Pending Lease Extraction
- ✔ **Decrease your risk.** Mitigate risk by catching cancelled policies sooner and avoiding issues.

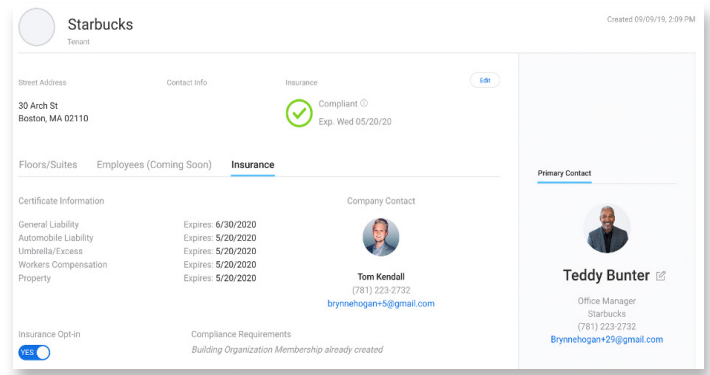

How is Prism Insurance different?

- ✔  Make informed vendor decisions with full visibility into the COI status of every vendor.
- ✔  Leverage a dedicated certificate management team to verify that all of your COI requirements are met and ensure waiver of subrogation, additional ensured and other critical requirements are met.

Key Features and Capabilities

Agent Portal

Insurance agents upload insurance certificates directly through an agent portal, saving you valuable administrative time.
